## SNOW! SNOW! SNOW! WILL IT EVER STOP?

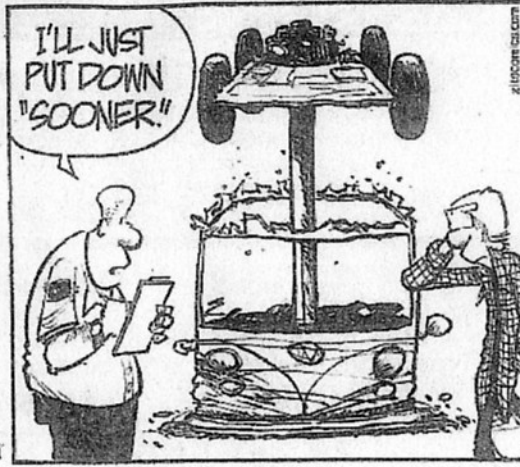

Mel was surely glad that his top was up during that last big one. Now that the foul winter weather has passed, the club's thoughts can turn full swing toward this year's events! Spring brings great driving weather, along with many car shows and activities for the RVVWC.

## UPCOMING VW SHOW IN CHATTANOOGA, TN

Robert Eastwood informed me that a VW show is scheduled for this weekend in Chattanooga. He said that the show is held close to the VW plant there, and in the past they have held plant tours over the weekend for the show attendees. Chattanooga is quite a drive, but I believe that the show would be fun, and we all love a good plant tour!

## VW BUILDS THE FASTEST CAR ON EARTH!

VW designs, engineers, and builds the Bugatti Veyron. It costs VW more to produce it than its retail price, so VW loses money with each Veyron sold.

*The Roanoke Valley Volkswagen Club, established in 1995, is dedicated to the love of Volkswagens. An interest in Volkswagens of any model, or year, is the only requirement for membership. We have small dues. We welcome all types of VW: Beetles, Ghias, Busses, Dune Buggies, Water-cooled, everything that has a VW nameplate. You don't even have to own a Volkswagen to attend our events. Just come to enjoy the company of other VW enthusiasts. We meet on the first Monday of every month, unless it is a holiday - then it will be the second Monday. We currently meet at Famous Anthony's on West Main Street in Salem, Va. Arrive early for dinner, meetings start around 7:00 p.m. Bring the whole family!*
